

ABDULLAH AHMED ABBAS

JUNIOR DATA ANALYST

Egypt • +20 101 917 7479 • abbasbodi322@gmail.com

LinkedIn: linkedin.com/in/abdullaaabbas • GitHub: github.com/Abdullabbas • Codeforces: Abdullah_Abbas

PROFESSIONAL SUMMARY

Analytical Junior Data Analyst experienced in SQL, Excel, Power Query, Power BI, and data visualization. Skilled in transforming raw data into actionable insights and interactive dashboards. Strong algorithmic background through competitive programming (ECPC participant).

TECHNICAL SKILLS

- **Databases & Querying:** SQL (SELECT, WHERE, GROUP BY, HAVING, JOINS)
- **Data Analytics & Visualization:** MS Excel, Power Query, Power BI, Pivot Tables & Charts, Data Cleaning, Basic Statistics
- **Programming Languages:** Python (Data Analysis), C++ (Advanced Algorithms)
- **Tools & Concepts:** Git, GitHub, VS Code, Data Structures & Algorithms

DATA ANALYSIS PROJECTS

Superstore Sales Analysis Dashboard

- Cleaned raw multi-category sales datasets using Power Query, eliminating missing values and standardizing formats.
- Engineered custom calculated metrics (Profit Margins, Category Performance) and built dynamic Power BI/Excel dashboards.

Sales Performance Analysis

- Evaluated performance metrics across regional markets and customer segments using advanced Excel formulas and Pivot Tables.

COMPETITIVE PROGRAMMING

ECPC Participant & Algorithmic Problem Solving

- ECPC participant and active competitor on Codeforces/LeetCode using C++, focusing on algorithm optimization and complexity.

EDUCATION

Capital University - Faculty of Computers and Artificial Intelligence

Expected Graduation: 2030

Bachelor's Degree in Computer Science / Artificial Intelligence

LANGUAGES & SOFT SKILLS

- **Languages:** Arabic (Native), English (Professional Working Proficiency - C1)
- **Soft Skills:** Analytical Thinking, Problem Solving, Critical Thinking, Attention to Detail, Communication, Teamwork
